👤 PROFILE

Passionate and driven Web Developer focused on continue learning. Always believe in teamwork contribution and serve customers. Devoted towards every assigned role and offering top-notch developing abilities. Motivated to grow and to be a good addition as a Web Developer and as a professional. Strongly believe in philosophy of self-growth since an organization is strong when its employees are. Always seeking good opportunities to be the better version of myself.

📁 EMPLOYMENT HISTORY

Junior React Developer at CNB Computers, Mississauga

July 2021 — September 2021

- I recently finished working as a react developer to build a full-stack web Application.
- Pretty good with both back-end and front-end skills.
- Now working on some projects to polish my coding skills on daily basis and continuous learning.

Computer Systems Operator

Jul 2016 - Feb 2017

Worked as a **computer operator** and a teacher in a computer training center. It helped me to revitalize my knowledge all thorough. In this job I was training students about the basics of computer system to make them aware of how important it is to be digitally literate

Assistant Professor, Haryana, India

India Mar 2015 - May 2016

- Worked as an assistant professor for one year along with being a member of research team to develop in-depth lectures based on books, personal research, and course objectives to drive students' learning.
- Supported graduate students in selecting research topics, planning projects, and meeting graduation requirements.
- Assisted students in fundamental technical demands of computer science by teaching and practically applying in-lab process.
